'DIE-HARDS' HIT IN FARLEY TALK

Scores "Desperate Attempt to Wreck Reforms" of Roosevelt.

By the Associated Press.

Postmaster General James A. Farley described the opposition to President Roosevelt last night as a mobilization of "the die-hards in a last desperate attempt to wreck the reforms he has wrought."

"There has never been a progressive movement in the story of mankind that has not been embarrassed and obstructed by the die-hards holding out against the inevitable change of time and tide," he said in a broadcast address.

Comparing the President's opposition to that faced by Thomas Jefferson and Andrew Jackson, he said "the people will triumph once more."

"With the enormous resources with which God has endowed us, the only thing that can hold back general prosperity is a short-sighted refusal on the part of any one to work in harmony toward the common good," Mr. Farley declared.

"But one thing is certain—we are never, never going back to the economic anarchy of a few years ago. We are never going back to the old philosophy of the pirate that 'he may get who has the power and he may keep who can' regardless of the general welfare."

The occasion for Mr. Farley's address was the 195th anniversary of Jefferson's birthday.

He referred to the third President and founder of the Democratic party as "a New Dealer."

Fence for Times Square.

NEW YORK, April 14 (AP).—A 4-foot picket fence is being erected for three blocks right down the middle of the busiest public place in the world—Times Square.
